## Studies

Here, you will find relevant information about your current program.

On the pages listed in the menu on the left, you will find information about your courses, modules along with your examination results and completed coursework.

### Bachelor's and master's programs:

The examination results for the bachelor's and master's program are generally managed in CampusNet and can be found on this page.

### Diplom, Magister and Staatsexamen:

The final exam results for students in Diplom and Magister programs are also accessible through CampusNet, as are the intermediate exam results (Zwischenprüfung) for certain programs. The examination results of students in Diplom and Magister programs and the "Lehramt an Gymnasien" Staatsexamen program are generally not managed through CampusNet.

### Information about the examination regulations:

All updated, interdisciplinary examination regulations can be found

[here](#).

The subject-specific examination regulations can be found on the following page:

<http://www.uni-mainz.de/studlehr/1807.php>

## Courses

Students can register for courses by clicking on "Module/Course registration" under the "Registration" tab on the left. This is only possible during the **registration periods**. New students that were not able to register during the **second registration period** must get in contact with their Student Advising Office.

Please note: You are not automatically registered for a course after your registration. You will receive an automatically generated email stating whether you have been accepted into the class or not once the registration period has ended. You can check your **registration status** at any time by clicking on the corresponding button in the menu on the left. Auditing students can register for courses at all faculties by clicking on "Auditor Registration". Please be aware of §26 in the registration guidelines (*Einschreibeordnung*). ([http://www.uni-mainz.de/studlehr/ordnungen/Einschreibeordnung\\_2011\\_07\\_15\\_Aktuell.pdf](http://www.uni-mainz.de/studlehr/ordnungen/Einschreibeordnung_2011_07_15_Aktuell.pdf) (German))

Reduced-mobility students who wish to attend courses in rooms that are not handicapped-accessible (see Service>Rooms>Room list for more information) are advised to get in touch with their Student Advising Office. A list of all the Student Advising Offices can be found [here](#).

## Registration

All students at JGU have to register for their courses through the online portal JOGU-StIne.

The deadlines for course registration are the same for **almost all JGU faculties**. All important dates can be found [here](#).

Please note that for certain programs, **the University Medicine faculty** and **Campus Gernersheim**, the deadlines are different. Information about these exceptions can also be found [here](#) and at your Student Advising Office. Always make sure you are aware of the deadlines.

Please also note that some programs and the **University Medicine faculty** work with "implied exam registrations". This means that if you have registered for a specific course, you will automatically be registered for the examination. You will need a TAN to register for these courses. More information about the **TAN process** can be found under **SERVICE**.

In order to keep course registration as fair as possible, registration for courses with a **maximum number of participants** does not follow the "first come, first served" principle. This means that all students can register for the course before the deadline. After the deadline has passed, the places will be assigned according to the senate guidelines for admission to courses with a maximum number of participants (*Senatsrichtlinien über den Zugang zu teilnahmebeschränkten Lehrveranstaltungen*, 7th March 2007). (<http://www.uni-mainz.de/studlehr/1821.php>).
